

# 2<sup>nd</sup> ONLINE International Conference on ENERGY & ENVIRONMENTAL MATERIALS (INCEEM 2023)

Organized by  
**SHARDA SCHOOL OF BASIC SCIENCES & RESEARCH**  
**Department of Environmental Sciences**

**Date: 6<sup>th</sup>-9<sup>th</sup> Dec, 2023**

#### Aim of the Conference

Globally industrial production and energy consumption are outpacing the renewal capacity of natural resources and the capacity of governments to manage pollution. Thus, there is an urgent need of innovative research initiative in the field of novel and smart energy converting, producing and storing materials for promising sustainable energy technologies. This three-day international conference will take review of the existing polities and address the development of new and emerging materials, technologies and applications in energy and environment. Furthermore, it is expected that INCEEM will provide an exclusive forum for intellectually stimulating and engaging interactions amongst the leading scientists, academicians and research scholars. This online conference will become a platform to address the relevant issues and provide integrated, indigenous solutions which is required urgently.

#### About us

Sharda University is a leading educational institution based out in Greater Noida, Delhi NCR. A venture of the renowned SGI group, the University has established itself as a high-quality education provider with prime focus on holistic learning and imbibing competitive abilities in students.

The University is approved by UGC and prides itself in being the only multi-discipline campus in the NCR, spread over 63 acres and equipped with world class facilities. With its outstanding faculty, world class teaching standards, and innovative academic programmes in Engineering, Sciences, Arts, Medicine and Management, Sharda intends to set a new benchmark in the Indian education system.

SSBSR has grown in an open and free academic environment where dedicated teaching; state-of-the-art post graduate, undergraduate and Research laboratories; fast information networks and well-stocked libraries have come into being. In order to achieve adequate competency; various workshops, conferences and seminars are organized in the school from time to time. The school, while focusing on basic research, has also made a new move to contribute in application driven basic research, in particular, in areas of national needs.

Department of Environmental Sciences under Sharda School of Basic Sciences and Research furnishes the students with a comprehensive understanding of key environmental issues, and use of a wide range method so that they can play a leading role in development and application of environmental policies and management. The Department is having good research programmes by National and International agencies and offers fellowships to students through funding.

#### Scope

- > Materials for Devices
- > Advance cutting edge Materials
- > Environmental Pollution and Remediation
- > Ecology and Biodiversity
- > Carbon Capture and Utilization
- > Remote Sensing and GIS
- > Clean Environmental Devices
- > Green Energy and Economy
- > Natural Resource Management
- > Waste Management
- > Climate Change and Mitigation
- > Energy Storage Systems

#### Conference Fee

Category	Before 3 <sup>rd</sup> Oct 2023		After 3 <sup>rd</sup> Oct 2023
